SUPERFOLD

Automatic

Paper Folding Machine

Suction Feed

The **SUPERFOLD** Automatic Paper Folding Machines of 'PGV - VF - Series' is equipped with a high-speed rotary suction feeder, enabling it to handle coated and non-coated paper with ease and efficiency. The suction head feeds a single paper at a time. The belt drive coupled with thick end plate ensures the machine's smooth and low noise working. The cumbersome task of setting a new job is made easy with the availability of caliper setting and jogging mode. An ideally located display panel indicates the folded sheets, batch count and productivity information about an ongoing job. A rotary scoring (creasing) attachment is provided at the delivery end.

Its ergonomic design, user friendly operating panel, emergency stop, noise reduction hoods and paper jam detection feature, lets the operator handle the machine with greater ease.

PGV Series

A combination of parallel and vertical (cross) folds is possible with this model. Two machines are arranged in a particular way so as to facilitate parallel and cross folds in a single operation.

The "SUPERFOLD" - PGV maintains its compatibility with optional vertical stacker. This model can also be utilized for parallel folding by detaching the second machine which is required for cross folds.

PGV VFD-415 + BFC 412

4 parallel and 4 cross fold machine.

PGV VFD-415

4 parallel fold machine (4 folding pockets & 3 deflectors)

Max. Format : 375 x 600 mm

Min. format : 58 x 70 mm

PGV BFC-412

4 cross fold attachment (4 folding pockets & 3 deflectors)

Max. Format : 296 mm X 350 mm

Min. Format : 50 x 120 mm

Min. Folding : 18 mm

Paper Gsm : 47 gsm to 130 gsm

Power : 220 v, 1 ph, 250 w

With Maintenance free AC Drive

PGV VFD 615 + BFC 612

6 parallel and 6 cross fold machine.

PGV VFD-615

6 parallel fold machine (6 folding pockets & 5 deflectors)

Max. Format : 375 x 600 mm

Min. format : 58 x 70 mm

PGV BFC-612

6 cross fold attachment (6 folding pockets & 5 deflectors)

Max. Format : 296 mm X 350 mm

Min. Format : 50 x 120 mm

Min. Folding : 18 mm

Paper Gsm : 47 gsm to 130 gsm

Power : 220 v, 1 ph, 250 w

With Maintenance free AC Drive
